

2017 Strictly Stock/Enduro Class rules

This class is self-regulated. It is designed to allow a broad selection of vehicles enter and to keep the cost down for the drivers. The act of purposely wrecking any entries is strictly prohibited. If such action occurs you will be disqualified from all winnings. Please drive professional and courteous.

Rules:

These rules are designed to allow almost any front wheel drive vehicle to enter.

Any 4&6-cylinder front wheel drive car/mini van/wagon/coupe/sedan with a completely stock, un-altered frame and suspension, with the following exceptions are legal.

NO rotary, turbo-charged or super-charged engines.

NO bracing anywhere except inside the drivers compartment.

All dash and steering panels must remain stock and unaltered for that make and model of car.

All insulation under the hood and trunk must be removed.

All glass and lights must be removed. All loose materials, broken glass must be removed from car.

All airbags, if equipped, must be disarmed, discharged or removed completely.

Dual overhead cam engines are allowed.

NO Vtech Engines allowed

All parts on car should be stock as supplied by manufacturer unless otherwise specified in rules.

Any alterations or modifications of car other than stock as supplied by manufacturer will be subject to disqualification.

Any additional weight or lead added for handling purposes is subject to disqualification.

OEM Stock bumpers you can use any bumper off any car as long as it is an OEM car bumper All bumpers must be turned back towards frame rails and have no sharp or blunt edges exposed.

Stock, unaltered carburetor/fuel injection system for that make and model of car.

Stock, unaltered transmission/ trans-axle for that make and model of car.

Battery must be secured under hood or inside of car and covered from driver. Only one 12 volt battery per car.

Stock, unaltered suspension for that make and model of car.

STOCK WHEELS AND TIRES ONLY!! MEANING THE TIRE SIZE YOU ARE ALLOWED TO RUN IS THE SIZE YOUR CAR CAME WITH OFF THE SHOWROOM FLOOR!!! THIS SIZE CAN BE FOUND IN THE OWNERS MANUAL. IT IS THE DRIVERS RESPONSIBILITY TO PROVIDE OWNERS MANUAL TO TECH OFFICIAL. If you do not have one, get one.

Passenger tires ONLY. Wheels and tires must be of like size. (NO mixing of wheel or tire sizes on car.)

If stock wheels are not available, aftermarket steel racing wheels are ok as long as they are stock offset for that year make and model. Maximum width is 7" (5" inside bead to bead)

Maximum of 1 inch of camber is allowed in front end.

DOT tires only as used on street. No Mud tires, snow tires or high performance tires no d.o.t stamped cheater slicks.

NO GROOVING OR SIPING OF TIRES ALLOWED.

NO SOFTENING OR TREATING OF TIRES IN ANY MANNER.

Gas tank: If stock gas tank is ahead of rear axle, it may remain in place.

If stock gas tank is behind rear axle, it must be replaced with an approved fuel cell or boat tank (maximum of 8 gallons).

Fuel cell/boat tank must be securely mounted and located in front of trunk area.

Must have a suitable firewall between driver's area and tank.

Roll bars are Mandatory

YOU HAVE 2 OPTIONS ON DRIVER PROTECTION

OPTION 1 your car must have at least a 4 bar protection which can consist of 1 bar behind the seat from post to post 1 bar on either side from rear bar to front door jam for driver protection also 1 bar must go from the behind seat bar to the right front floor cowl area for safty cars running this 4 bar set up must also have a roll over bar 2 upright bars from rear bar over roof and 1 across the top If you have a hatchback or open back car you must put 2 down bars behind the drivers seat for protection for driver

OPTION 2 we recommend that you use a 4 pt cage

If you have questions, ASK
