

Rain Check Policy

In the event of inclement weather, the Warsaw Motorsports Complex uses the following rain check policy:

- If the program has completed all scheduled heats and B Mains (if needed), the program is considered a complete program, and a rain check will not be issued. The A Main events will be completed during a future race with the dates to be announced.
- If the program has not reached the half way point (meaning inclement weather stopped the program before all of the heats and B Mains could be completed), rain checks will be honored for this event. Please save general admission ticket stubs and pit admission wristbands as these will serve as your rain check for admittance at a future event.

The Warsaw Motorsports Complex is not responsible for lost, stolen, or damaged wristbands and/or tickets. Unfortunately, the Warsaw Motorsports Complex cannot issue cash refunds.
