

General Safety Rules for Norton Raceway Park

The following safety equipment is required for all classes at Norton Raceway Park except for Legend Cars and Bandoleros who must follow INEX rules for safety equipment. These rules can be found in the general Legends and Bando rules.

Safety Equipment Checklist:

- Operable window net
- 5-point racing harness (no older than 5 years of age),
- Fire suit (Fire Suit must not have any holes or patches).
- Racing gloves and shoes (must not have any holes or patches)
- Must have fully charged fire extinguisher, securely fastened with latch.
- Must have racing approved helmet SA 2015. No open face, no M rated (motorcycle) helmet.
- Hans, Hutchen or equivalent head and neck restraint is highly recommended.
- Fuel cells must be properly mounted in the trunk area.
- Must have a full windshield or Lexan.
- All batteries that are mounted in the driver compartment must have a steel strap over the battery and in an approved battery box.
- Racing seats are mandatory.
- Main power kill switch in reach of safety crew.
